

**Doc BC -- ViFPA Report
November 26, 2008**

Victoria Film Producers Association

*The Association continues to grow and to benefit from its close association with DOC BC

*ViFPA members met with MP Denise Savoie and conducted a Town Hall meeting to discuss how the Harper Government's cuts to Arts funding will effect the film and television industry.

*ViFPA held its inaugural community screening TAKE TWO! of locally produced documentaries at the Empire Theatres Capitol 6. The event will continue into 2009, and is sponsored by ViFPA, the Victoria Film Festival and the Empire Theatres.

*ViFPA members had a great year at the festivals and awards ceremonies, garnering much praise and awards at the Leo's and Gemini's.

*Once again, there will be a major ViFPA event at The Victoria Film Festival. This year May Street Productions will screen the documentary "Gone Wild", with a reception afterwards at The Bard and Banker.

ViFPA continued with its monthly board meetings followed by a community mixer.
